Software License Product Authorization Sheet

This Software License Product Authorization Sheet (PAS) authorizes use of the Product named on the front of this PAS until the Code Termination Date and thereafter requires another license.

The PAS will be accepted by Ericsson Inc. as a representation or proof that a perpetual license has been granted by Ericsson Inc. after customer has paid any required license fees and subject to verification by Ericsson Inc. that the presenter of the PAS is in legitimate possession thereof.

This PAS is an integral part of the Private Radio Systems (PRS) Software License and the software Product named on the front of this document and is provided subject to the PRS Software License terms and conditions.

The named software Product covered by this PAS is proprietary to and embodies confidential technology of Ericsson Inc. Possession, use, duplication or dissemination of the Product codes is improper and unlawful unless pursuant to a valid software license from Ericsson Inc.

Licensee shall maintain the software Product codes as confidential, and not transfer, disclose or otherwise make them available to any third party.

One copy of this PAS may be made for archival purposes only by licensee.
