## COMPUTER SOFTWARE COPYRIGHTS

The Motorola products described in this manual may include copyrighted Motorola computer programs stored in semiconductor memories or other media. Laws in the United States and other countries preserve for Motorola certain exclusive rights for copyrighted computer programs including, but not limited to, the exclusive right to copy or reproduce in any form the copyrighted computer program. Accordingly, any copyrighted Motorola computer programs contained in the Motorola products described in this manual may not be copied, reproduced. modified, reverse-engineered, or distributed in any manner without the express written permission of Motorola. Furthermore, the purchase of Motorola products shall not be deemed to grant either directly or by implication, estoppel, or otherwise, any license under the copyrights, patents or patent applications of Motorola, except for the normal non-exclusive license to use that arises by operation of law in the sale of a product.

## **SAFETY**

## PRODUCT SAFETY AND RF EXPOSURE COMPLIANCE

Before using this product, read the operating instructions for safe usage contained in the Product Safety and RF Exposure booklet enclosed with your radio.

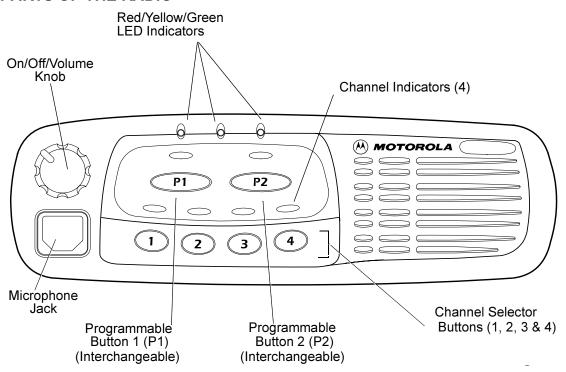

#### ATTENTION!

This radio is restricted to occupational use only to satisfy FCC RF energy exposure requirements. Before using this product, read the RF energy awareness information and operating instructions in the Product Safety and RF Exposure booklet enclosed with your radio to ensure compliance with RF energy exposure limits.

For a list of Motorola-approved antennas, batteries, and other accessories, visit the following web site which lists approved accessories: <a href="http://commerce.motorola.com/consumer/QWhtml/acc">http://commerce.motorola.com/consumer/QWhtml/acc</a> cat.html.

## **RADIO OVERVIEW**

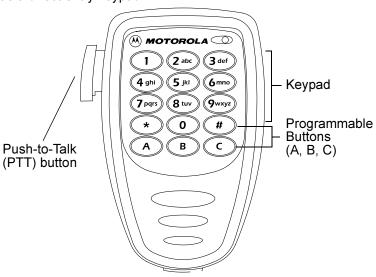

### PARTS OF THE RADIO

## Optional Enhanced Keypad Microphone (RMN4026)

Your radio may be ordered with an optional DTMF (Dual-Tone Multi-Frequency) microphone that has a direct entry keypad.

This keypad microphone has three buttons (A, B, C) below the keypad that can be programmed to conveniently activate select radio features.

#### On/Off/Volume Knob

Turns the radio on or off, and adjusts the radio's volume.

#### **Channel Indicators**

Four LEDs (one per channel) that indicate the active or selected channel.

#### **Channel Selector Buttons**

1 or 2 or 3 or 4

Used for channel selection. Pressing a (programmed) channel selector button causes its associated channel indicator to light.

#### **LED Indicators**

Indicates channel, scan, and monitor status.

#### **Programmable Buttons**

Your radio has two programmable buttons. Your dealer can program these buttons as shortcuts to various radio features.

Check with your dealer for a complete list of functions your radio supports.

Programmable buttons include the P1 and buttons (see page 3).

Some buttons can access up to two features, depending on the type of button press:

- short press—quickly pressing and releasing the programmable buttons
- long press—pressing and holding the programmable buttons for a period of time (default 1 1/2 seconds or programmed value)
- hold down—pressing and holding down the programmable buttons while checking status or making adjustments

A summary of programmable radio features and corresponding page references appears beginning on page 6.

In the "Button" column, have your dealer record the name of the programmable button next to the feature that has been programmed to it.

The dealer can use the abbreviations (P1, P2) shown in the radio illustration on page 3.

Also, where appropriate, have your dealer indicate whether the button press requires a short press, a long press, or needs to be held down.

Function	Short Press	Long Press	Hold Down	Page	Button
Volume Set	_	_	Sound a tone for adjusting your radio's volume level.	9	
PRTT (Priority Request-to-Talk)	Sends a priority access request to the dispatcher.		_	10	
Repeater/ Talkaround	Toggle between using a repeater of to another radio.†	_	11		
Power Level	Toggle transmit power level betwe	en High and Low.†	_	12	
Scan/Nuisance Channel Delete	Toggle scan on and off.	Delete a nuisance channel while scanning.	_	13	
Phone	Access Phone Mode.†		_	15	
Speed Dial	Access your phone list directly.†		_	15	
Monitor	Toggle silent monitor operation (also turn off open squelch monitor when it has been activated).	Turn on open squelch monitor.	_	_	
Option Board (if one is installed)	Toggle between activating and deactivating the option board.†		_	_	
Auxiliary Control (1/2)	Activates or deactivates a pin on the accessory connector.† (See your dealer.)		_	_	

<sup>†</sup> This function is activated by EITHER a short OR a long press, but not both.

### Push-to-Talk (PTT) Button

Press and hold down this button to talk; release it to listen.

## Microphone

Hold the microphone 1 to 2 inches (2.5 to 5 cm) from your mouth, and speak clearly into it.

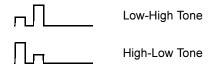

## Use with Enhanced Keypad Microphone (RMN4026)

These keys are used to:

- Dial a phone number
- Directly access preprogrammed features

## AUDIO INDICATORS FOR PROGRAMMABLE BUTTONS

Some programmable buttons use tones to indicate one of two modes:

Button	Low-High Tone	High-Low Tone
Scan	Start scan	Stop scan
Power Level	High power selected	Low power selected
Option Board	Enabled	Disabled
Repeater/ Talkaround	Does not use repeater	Uses repeater

## **GETTING STARTED**

### TURNING THE RADIO ON OR OFF

i i	
ON	OFF
Push the On/Off/ Volume Control knob until you hear a click.	Push the On/Off/ Volume Control knob until you hear a click and the LED indicators turn
If power-up is successful, you will hear the Self-Test Pass Tone if programmed.	off.
If the radio fails to power up, you will hear the Self-Test Fail Tone	

### ADJUSTING THE VOLUME

Turn the **On/Off/Volume Control** knob clockwise to increase the volume, or counterclockwise to decrease the volume.

-or-

- 1 Hold down the **Volume Set** button (see page 6). You will hear a continuous tone.
- 2 Turn the On/Off/Volume Control knob to the desired volume level.
- 3 Release the Volume Set button.

## **SELECTING A RADIO CHANNEL**

Your radio offers 4 channels.

**Note:** Due to government regulations, some channels may not be programmed. See your dealer for more information.

To select a channel:

Press the desired **Channel Selector** button (1, 2, 3 or 4).

#### **SENDING A CALL**

- **1** Turn your radio on.
- 2 Select the desired channel.
- 3 Hold the microphone vertically 1 to 2 inches (2.5 to 5 cm) from your mouth. Press the PTT to talk; release it to listen.

If your system uses the request-to-talk feature, use the following method to send a call:

- **1** Turn your radio on.
- 2 Select the desired channel.
- 3 Press the PTT (for priority requests to talk, the PRTT button) and wait for the talk permit tone.
- 4 Hold the microphone vertically 1 to 2 inches (2.5 to 5 cm) from your mouth. Press the PTT to talk; release it to listen.

### **RECEIVING A CALL**

- **1** Turn your radio on.
- 2 Adjust the radio's volume, if necessary (see page 9).
- 3 Select the desired channel.
- 4 To respond, hold the microphone vertically 1 to 2 inches (2.5 to 5 cm) from your mouth.

## RADIO CALLS

#### SELECTIVE RADIO INHIBIT

Your radio is equipped with a security feature that can temporarily render the unit inoperative when an inhibit signal is sent from the base station.

This feature is commonly used to disable radios:

- In case of theft
- When your vehicle is being serviced
- For system control reasons

**Note:** When your radio has been disabled by the base station, all controls will be inoperative except for the **On/Off** button.

### REPEATER OR TALKAROUND MODE

Talkaround Mode enables you to communicate with another radio when either:

- The repeater is not operating
   -or-
- Your radio is out of the repeater's range but within communicating distance of another radio. An audible indicator is heard when changing between modes.

To select either Repeater Mode or Talkaround Mode:

Press the preprogrammed **Repeater/ Talkaround** button (see page 6) to toggle between Repeater Mode and Talkaround Mode.

## **SETTING THE POWER LEVEL**

Each channel in your radio has a predefined transmit power level that can be changed.

- High power
- Low power

To set the power level, press the preprogrammed **Power Level** button (see page 6) to toggle between *low* and *high*.

## **SCAN**

Your radio can monitor multiple channels in a scan list. Your dealer can program up to four different channels into each scan list. When your radio detects activity on a scan list channel, it will automatically switch to that channel

**Note:** The same channels can be assigned to different scan lists.

### STARTING OR STOPPING SCAN

The green LED indicator blinks during a scan operation and stops blinking when the radio switches to a channel.

You can start or stop a scan operation by: pressing the preprogrammed **Scan** button (see page 6).

#### **TALKBACK**

The Talkback feature allows you to respond to a transmission while scanning. If transmission is detected on a channel while scanning, the radio will stop on that channel for a preprogrammed period of time. During this "hangtime" you may respond by pressing the **PTT**.

Note: If transmission ceases or if the PTT is not pressed for a preprogrammed duration, the radio continues to scan. The LED scan indicator stops blinking while the radio is in hangtime.

## **DELETING A NUISANCE CHANNEL**

If a channel continually generates unwanted calls or noise (a "nuisance" channel), use the **Scan** button to temporarily delete the channel from the scan list.

**Note:** You cannot delete a priority channel or the last remaining channel in a scan list.

1 While the radio is on the nuisance channel, hold down the **Scan** button until you hear a tone.

2 Release the **Scan** button. The nuisance channel is deleted.

## Restoring a Channel to the Scan List

To restore a previously deleted channel to the scan list, restart the scan operation or turn your radio off and on again.

## **PHONE**

If your radio has access to a telephone system, you can make a phone call. To do this, your radio must send an access code to a station that connects it to a phone line. (Ask your dealer for more details.) After completing a call, your radio must send a deaccess code to hang up.

### **MAKING A PHONE CALL**

You can make a phone call using the preprogrammed **Phone** button (see page 6). To initiate a phone call (an enhanced keypad microphone is required):

- 1 Press the **Phone** button.
- 2 You will hear a series of tones indicating that an access code is being sent automatically.

-or-

enter your access code using the keypad.

When you hear a dial tone, enter the phone number using the keypad.

-or-

Press and release the preprogrammed **Speed Dial** button (see page 6) to use the Speed Dial feature.

4 Press the key (1 to 8) corresponding to the number you want to call.

-or-

Press "0" if you want to call the last number dialed.

Note: If you entered the access code using the keypad, the last number redial feature will not be available. However, if the access code was entered automatically, press the **Phone** button.

To end a phone call:

If your radio has the deaccess code preprogrammed, proceed to step 2.

-or-

Enter the deaccess code using the keypad.

Press the Phone button to exit Phone Mode.

## Notes

## WARRANTY

#### LIMITED WARRANTY

#### MOTOROLA COMMUNICATION PRODUCTS

## I. WHAT THIS WARRANTY COVERS AND FOR HOW LONG:

MOTOROLA INC. ("MOTOROLA") warrants the MOTOROLA manufactured Communication Products listed below ("Product") against defects in material and workmanship under normal use and service for a period of time from the date of purchase as scheduled below:

CDM750 Mobile Units

Two (2) Years

**Product Accessories** 

One (1) Year

Motorola, at its option, will at no charge either repair the Product (with new or reconditioned parts), replace it (with a new or reconditioned Product), or refund the purchase price of the Product during the warranty period provided it is returned in accordance with the terms of this warranty. Replaced parts or boards are warranted for the balance of the original applicable warranty period. All replaced parts of Product shall become the property of MOTOROLA

This express limited warranty is extended by MOTOROLA to the original end user purchaser only and is not assignable or transferable to any other party. This is the complete warranty for the Product manufactured by MOTOROLA. MOTOROLA assumes no obligations or liability for additions or modifications to this warranty unless made in writing and signed by an officer of MOTOROLA. Unless made in a separate agreement between MOTOROLA and the original end user purchaser, MOTOROLA does not warrant the installation, maintenance or service of the Product.

MOTOROLA cannot be responsible in any way for any ancillary equipment not furnished by MOTOROLA which is attached to or used in connection with the Product, or for operation of the Product with any ancillary equipment, and all such equipment is expressly excluded from this warranty. Because each system which may use the Product is unique, MOTOROLA disclaims liability for range, coverage, or operation of the system as a whole under this warranty.

#### **II. GENERAL PROVISIONS:**

This warranty sets forth the full extent of MOTOROLA's responsibilities regarding the Product. Repair, replacement or refund of the purchase price, at MOTOROLA's option, is the exclusive remedy. THIS WARRANTY IS GIVEN IN LIEU OF ALL OTHER EXPRESS WARRANTIES. IMPLIED WARRANTIES. INCLUDING WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. IN NO EVENT SHALL MOTOROLA BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT, FOR ANY LOSS OF USE, LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS, LOST PROFITS OR SAVINGS OR OTHER INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE SUCH PRODUCT. TO THE FULL EXTENT SUCH MAY BE DISCLAIMED BY LAW

#### **III. STATE LAW RIGHTS:**

SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES OR LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION OR EXCLUSIONS MAY NOT APPLY.

This warranty gives specific legal rights, and there may be other rights which may vary from state to state.

#### IV. HOW TO GET WARRANTY SERVICE:

You must provide proof of purchase (bearing the date of purchase and Product item serial number) in order to receive warranty service and, also, deliver or send the Product item, transportation and insurance prepaid, to an authorized warranty service location. Warranty service will be provided by Motorola through one of its authorized warranty service locations. If you first contact the company which sold you the Product (e.g., dealer or communication service provider), it can facilitate your obtaining warranty service. You can also call Motorola at 1-800-927-2744 US/Canada.

## V. WHAT THIS WARRANTY DOES NOT COVER:

- A Defects or damage resulting from use of the Product in other than its normal and customary manner.
- B Defects or damage from misuse, accident, water, or neglect.
- C Defects or damage from improper testing, operation, maintenance, installation, alteration, modification, or adjustment.
- Breakage or damage to antennas unless caused directly by defects in material workmanship.
- E A Product subjected to unauthorized Product modifications, disassemblies or repairs (including, without limitation, the addition to the Product of non-Motorola supplied equipment) which adversely affect performance of the Product or interfere with Motorola's normal warranty inspection and testing of the Product to verify any warranty claim.
- F Product which has had the serial number removed or made illegible.
- G Freight costs to the repair depot.
- H A Product which, due to illegal or unauthorized alteration of the software/

- firmware in the Product, does not function in accordance with MOTOROLA's published specifications or the FCC type acceptance labeling in effect for the Product at the time the Product was initially distributed from MOTOROLA.
- I Scratches or other cosmetic damage to Product surfaces that does not affect the operation of the Product.
- J Normal and customary wear and tear.

#### VI. PATENT AND SOFTWARE PROVISIONS:

MOTOROLA will defend, at its own expense, any suit brought against the end user purchaser to the extent that it is based on a claim that the Product or parts infringe a United States patent, and MOTOROLA will pay those costs and damages finally awarded against the end user purchaser in any such suit which are attributable to any such claim, but such defense and payments are conditioned on the following:

- A that MOTOROLA will be notified promptly in writing by such purchaser of any notice of such claim:
- B that MOTOROLA will have sole control of the defense of such suit and all negotiations for its settlement or compromise; and

Should the Product or parts become, or in MOTOROLA's opinion be likely to become, the subject of a claim of infringement of a United States patent, that such purchaser will permit MOTOROLA, at its option and expense, either to procure for such purchaser the right to continue using the Product or parts or to replace or modify the same so that it becomes non-infringing or to grant such purchaser a credit for the Product or parts as depreciated and accept its return. The depreciation will be an equal amount per year over the lifetime of the Product or parts as established by MOTOROLA.

MOTOROLA will have no liability with respect to any claim of patent infringement which is based upon the combination of the Product or parts furnished hereunder with software, apparatus or devices not furnished by MOTOROLA, nor will MOTOROLA have any liability for the use of ancillary equipment or software not furnished by MOTOROLA which is attached to or used in connection with the Product. The foregoing states the entire liability of MOTOROLA with respect to infringement of patents by the Product or any parts thereof.

Laws in the United States and other countries preserve for MOTOROLA certain exclusive rights for copyrighted MOTOROLA software such as the exclusive rights to reproduce in copies and distribute copies of such Motorola software. MOTOROLA software may be used in only the Product in which the software was originally embodied and such software in such Product may not be replaced, copied, distributed, modified in any way, or used to produce any derivative thereof. No other use including, without limitation, alteration, modification, reproduction, distribution, or reverse engineering of such MOTOROLA software or exercise of rights in such MOTOROLA software is permitted. No license is granted by implication, estoppel or otherwise under MOTOROLA patent rights or copyrights.

#### VII.GOVERNING LAW:

This Warranty is governed by the laws of the State of Illinois, USA.

## **ACCESSORIES**

Motorola offers a number of accessories to enhance the productivity of your two-way radio. Many of the available accessories are listed below

For a list of Motorola-approved antennas, batteries, and other accessories, visit the following web site which lists approved accessories: <a href="http://commerce.motorola.com/consumer/QWhtml/acc">http://commerce.motorola.com/consumer/QWhtml/acc</a> cat.html.

### **AUDIO**

RMN4025	Compact Remote Speaker Microphone
RMN4026	Enhanced Keypad Microphone
RMN4038	Heavy Duty Microphone
RSN4001	External Speaker 13W
HSN8145	External Speaker 7.5W

### **MOUNTING**

GLN7324	Low Profile Trunnion
RLN4780	High Profile Trunnion
HLN8097'	Removable Slide Mount
RLN4779	Key Lock Mount
RLN4782	DIN Mounting Kit (in dash)
RKN4077	Remote Mount Cable - 3 m
RKN4078	Remote Mount Cable - 5 m
RKN4079	Remote Mount Cable - 7 m

## **ANTENNAS**

HAD4006A	VHF 136-144 MHz, 1/4 Wave Roof
11/10/4000/	Mount

## **CONTROL STATION**

GPN6145	Desktop Power Supply 1-25W (EMC)
HPN4002	Desktop Power Supply 1-25W
GPN6149	Desktop Power Supply 25-45W (EMC)
HPN4001	Desktop Power Supply 25-45W
RMN4030	Desktop Microphone
GLN7318	Desktop Tray without Speaker
GLN7326	Desktop Tray with Speaker

A variety of interchangeable buttons are available for use in the P1-P2 locations on your radio (page 3). See your dealer for further details.

#### Sending a Call

- 1. Turn radio on and select appropriate channel.
- 2. Press PTT, hold the microphone 1 to 2 inches (2.5 to 5 cm) from your mouth, and speak clearly into it.
- 3. Release PTT to listen.

#### Receiving a Call

- 1. Turn radio on and adjust volume to the desired level.
- 2. Select desired channel.
- To respond to an incoming call, press PTT, hold the microphone 1 to 2 inches (2.5 to 5 cm) from your mouth, and speak clearly into it.

### **Deleting a Nuisance Channel During Scanning**

- 1. While radio is on a nuisance channel, hold down preprogrammed **Scan** button until you hear a tone.
- 2 Release Scan button

#### Making a Phone Call

- 1. Press Phone button.
- 2. If access code is not heard, send access code if required.
- 3. Send phone number in one of the following ways:
  - Press and release PTT to send last dialed number.
  - when using enhanced keypad microphone only, press preprogrammed Speed Dial button, followed by a keypad key (1–8), to access first nine numbers in your phone list. (Press PTT if buffered dial.)
  - when using enhanced keypad microphone only, enter phone number using the keypad. (Press PTT if buffered dial.)
- Press PTT, hold the microphone 1 to 2 inches (2.5 to 5 cm) from your mouth, and speak clearly into it.

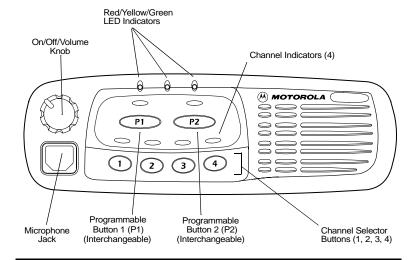

#### **Ending a Phone Call**

- 1. Send deaccess code if required.
- 2. Press preprogrammed Phone button.

## CDM750<sup>™</sup> Quick Reference Card

Record the functions for your radio's programmable buttons in the table provided below. For further information, see page 6 of this User Guide.
